LINE OF GERMAN IS AT LAST BROKEN ALLIES CONTINUE TO ADVANCE

IN VADERS DRIVE BLACK WAR; FIGHT NOW ON OWN SOIL

Offensive is Resumed by Allies All Along Line After Period of Comparative Inaction—Recent Battle Along North Sea Claimed to Be Most Terrible of the War—Teutons Throwing Away Men With a Prodigiousity That is Alarming—Kaiser Orders Calais Taken at All Costs.

London, Oct. 27.—The unyielding German line which for six weeks has been stretched across France is said on the authority of the French war office to have been broken at last. Near the eastern end of the line, in the region beyond Nancy, today's French official statement reports the invaders have been driven back onto German soil. At other points over the long line the offensive has been resumed by the allied forces, after a long period of comparative inaction. The French claim to have won the advantage in its campaign at the point where the line sweeps eastward from the north, less than 40 miles from Paris. Between Soissons and Berry Au Bac, to the east of the bend in the line, heavy fighting has been resumed. Apparently the engagement was limited to an artillery duel, the reinforcements of the opposing forces forbidding the infantry.

Allies Hold Ground.
To the northward, along the Franco-Belgian border, the fighting continued with undiminished ferocity. Along the Yser where the struggle had been most intense, the allies have not only held the French official statement, while toward the south further progress has been made between Ypres and Roulers.

As reports filter in from the scene of fighting along the north sea supplementing the unemotional official statements, it became evident today that the recent battle in Flanders, at the end of the North sea have been the most terrible of the war. From Emperor William himself, it is said, came the order that the German advance down the coast must be continued at any cost, and that Calais must be taken. The desperate assaults which followed, particularly along the Yser canal, have few precedents in modern history.

BLACK SEA FLEETS NOW IN CHARGE OF BRITISH ADMIRAL

According to Vienna Report England Will Reinforce This Squadron

**SAME AUTHORITY SAYS
VERDUN SURELY DOOMED**

States Effect of Heavy Siege Guns is to Demolish Town Fired On

London, Oct. 27.—(11:25 p.m.)—A despatch received tonight by the Marconi Wireless Telegraph company from Berlin, says the Vient Hetschpore, reports that several days ago a new Anglo-French-Russian naval convention was concluded under which chief command of the Russian Baltic and Black sea fleets is placed in the hands of the British admiral. Great Britain according to the newspaper undertakes to reinforce those fleets with its own squadron.

The chief of the Russian socialist party, the wireless dispatch continues "points out in a communication to M. Vandervelde the Belgian minister of states and leader of the socialist party in Belgium that victory for the Russian government would strengthen the anti-democratic party in Russia and abroad and that the Russian government would become the center of reaction in the world. The policy of the Russian proletariat would, therefore, in no circumstances help the Russian government."

Earthquake at Milan.
Milan, 27.—An earthquake was recorded in Milan today morning. Considerable alarm was caused among the people. There were no casualties.

Large Areas of Land on Edmonton Dunvegan and B. C. West of Grouard Leased After Expert Investigations

(Special to the Capital).
Grouard, Alta., Oct. 27.—Following the staking of large areas of land in the district near the junction of the Smoky rivers, on the line of the Edmonton, Dunvegan and B.C. railway west of here, considerable excitement has been created, more especially as it is stated that the railway people are interested heavily, though they refuse to say whether or not the reports are true. It is known, however, that a Mr. Hames, an oil mineralogist, has been making investigations at the instance of some capitalist, following the reports made at the Grouard land office. People here yet believe that the country through which the new road goes will yet show the greatest oil development in the province.

ATTEMPT ON LIFE OF VILLA MADE BY AGENT OF GENERAL CARRANZA

El Paso, Texas, Oct. 27.—An attempt has been made to assassinate General Francisco Villa by an agent said to have been paid by General Carranza, according to a message sent to the Associated Press today by Luis Adurbe Benavides, General Villa's first secretary. The would be assassin, Francisco F. Moch, was killed in the attempt, and a confession before George C. Carruthers, the American consular agent.

HOT RECEPTION AWAITS GERMAN ATTEMPT TO CUT THROUGH LINE OF ALLIES

London, Oct. 27.—The Amsterdam correspondent of the Chronicle sends this despatch regarding the fighting in Belgium:
"With the advance of the Germans across the Yser and the German capture of Roulers it is evident that an attempt is being made to drive a wedge to the coast towards Newport with the object of dividing the allies' forces. However, a hot reception awaits them."

MODERN HUNS SAID DEVASTATING TOWNS VICINITY ROULERS

London, Oct. 27.—An Amsterdam despatch to Reuters says: "From Shits comes a report that the country villages around Roulers are being devastated by the Germans, partly for strategic reasons. Both in the towns and the outside of them many of the inhabitants lost their lives through their own imprudence. It is estimated a thousand inhabitants were killed and that 250 houses have been burned down. Roulers is as quiet as a graveyard and only a few German soldiers are seen in the streets."
The village of Moezelde, Daelkappelle, Wehloewelske and Staden are heaps of ruins.

YSER IS CROSSED BY GERMANS; THEY FAIL TO GET BACK

Two Thousand Annihilated by Belgian Snappel After Bloody Fight.

**MANY PUSHED INTO CANAL
BY DEFENDER'S BAYONETS**

Dixmude Converted into Veritable Cemetery—Teutons Get Reinforced.

London, Oct. 27.—The correspondent of the Daily Mail in northern France telegraphs under date of Sunday night regarding the fighting in Belgium says:

"It is believed that some 5,000 Germans crossed the river Yser, but hardly one of them got back. Those on the north and northeast of Dixmude, probably two thousand, were met by a fine rally of Belgian infantry and of the cavalry, who had gathered their horses, and who were driven by main force at the bayonet point to the river canal and shot in the street. This made. They held it for a time, but with shell fire and rifle fire the place was finally broken through and the Germans dashed out of the crumbling houses only to be wiped out by shrapnel and shot in the street. The dead and wounded were everywhere. Dixmude is a cemetery, but in the woods not far away the Germans still lingered. They held a position under a desperate fire and eventually were reinforced. The allies could not out them and the Germans are still across the Yser."

"Their presence may not be permanent, and they may suffer the same fate as has overcome hundreds of their fellows during the week, who got over only to meet their death, but the Belgian and French lines, for the time being at least, have been drawn back about this point."

Old Timer Dead.
Vancouver, Oct. 27.—B. C. Towns-aid, for many years a well-known resident of Brandon, died today.

BECOMING ALARMED GERMANS BEAT BACK INTO EAST PRUSSIA

London, Oct. 27.—A Petrograd despatch to Reuters says:
"The army messenger in summing up the operations on the Russian front says that the Germans in the region of Elawa and Viharsk, disquieted by the situation on the front at Thorn and Cracow, have retreated in the direction of east Prussia, where the Germans have been ordered to retire into the interior."

In Attempt to Cross Yser Germans Make Seven Attacks in One Night

London, Oct. 27.—The Daily Mail's correspondent near the Yser river, under date of Sunday, dilating on the ferocity of the German attempt to get across the river, says:
"In one night, Friday, between midnight and dawn, seven different onslaughts were repulsed. Swarms of Germans rushed up with newly made bridges of wood. They were dropped across the canal and notwithstanding the deadly fire from rifles and machine guns the Germans beat back. There was no stopping them."
"This sort of thing has happened day after day, but in the daylight that followed each night these marauders were hunted down and moved down. Great batches were killed, crowds were taken prisoners, but that must not be underestimated."

SPIRITED FIGHT NOW PROCEEDING YSER REGION

Anglo-French Troops at No Part of Long Line Drawn Back, Says French Official Report—To East of Nancy Between Forts of Bezange and Parroy Offensive Has Been Resumed—On the River San and South of Przemysl Russian Offensive Stated to Be Becoming More Accentuated.

Paris, Oct. 27.—The French official communication given out this afternoon says that spirited fighting continues between the mouth of the Yser and Lens, that in this district the allies have not drawn back and that they have continued to advance in the region between Ypres and Roulers and elsewhere.

The text of the communication follows:
"The fighting continues to be particularly spirited between the mouth of the Yser and the region of Lens. In this part of the front the allied forces have at no point drawn back and they have continued to make progress in the region between Ypres and Roulers. In the general region between Soissons and Berry Au Bac, an artillery engagement resulted to our advantage and resulted in the destruction of several batteries of the enemy."

"In the region to the east of Nancy between the forest of Bezange and the forest of Parroy we have assumed the offensive, and driven the enemy across the frontier."

"Russia—On the river San and to the south of Przemysl the Russian offensive is becoming more accentuated."

INTERNATIONAL MIX-UP MAY BE RESULT TAKING MEN OFF YANKEE BOAT

St. John, N. H., Oct. 27.—What may prove to be an international complication was raised yesterday afternoon when a sergeant and detail of eight men from the 62nd regiment boarded the American tug Security, belonging to the Standard Oil company, and arrested four members of the crew. They were taken to the armory for examination on the ground that they were subjects of the nations with which Great Britain is now at war.

One of the men was able to show that he is a naturalized citizen of the United States, although the other three were Germans, being signed on the tug's papers as subjects of Germany.

The question being asked is as to whether or not the militia authorities have the right to board the vessel of neutral power and take off members of its crew.

KAISER HAS STIRRING MESSAGE FOR STUDENTS OF FRANKFORT COLLEGE

Paris, Oct. 27.—A telegram from Geneva says the Kaiser was to open the new Frankfurt university on October 15 but he telegraphed the following ex-cuse for his absence:
"I wanted to be with you but the defence of the Fatherland rendered necessary by the infamous onslaught of our enemies requires me to consecrate myself to more urgent business. I send to you my best wishes for this new school. May it succeed in sowing seeds in these serious times that shall reap rich harvests when better times come, and may the ripe intelligence of its masters and the diligence of its young scholars be always inspired by the great united love for the fatherland which has always rendered the great German nation so strong and invincible in this, our hour of trial."

Declares Quarterly Dividend.

New York, Oct. 27.—The United States steel corporation voted this afternoon a quarterly dividend of one half of one per cent, on the common stock. This is at the rate of two per cent a year, an increase from the dividend has been five per cent.

TRAITOR MARITZ SUFFERS DEFEAT FROM UNION MEN

Loss of Life in Engagement Not Known but Many Taken Prisoners.

REBEL CHIEF SHOT IN LEG SAYS S. A. REPORT

Followers are Forced to Abandon Their Tents and Stores.

London, Oct. 27.—An official despatch from Colonel Wylie, at Optim Cape Province, describing Colonel Maritz' attack on "Lieutenant Colonel Maritz" were under the name of Maritz, Oct. 24, says that Maritz only defended the town about an hour, then retreated. The despatch was forwarded from Pretoria by Reuters' Telegram company.

The losses sustained by the followers of Maritz is not known, but the number of wounded and captured is high. Lieutenant Colonel Maritz was wounded in the leg, though not dangerously. His forces retreated hurriedly. They left their tents standing and abandoned large quantities of stores and a wagon load of ammunition. Of the government forces one man was wounded.

British Freighter Lost.

Philadelphia, Oct. 27.—Cable advices received here today tell of the loss of the Irish coast of the British freighter, Manchester. Commander, British Royal Lancaster, England, for Montreal. Nothing is known of the fate of Captain Payne and the crew.

The Manchester Commerce was 2,444 tons net, and was owned by the Manchester line, a British shipping corporation.

MINERS ARE BURIED ALIVE IN ILLINOIS; RESCUE CAR ON JOB

St. Louis, Mo., Oct. 27.—News was received here today that 250 miners were entombed in a mine at Royall Hills, 45 miles southwest of here on the St. Louis, Iron Mountain and Southern railway. A mine rescue car has been sent from Illinois. The accident was due to a gas explosion.

No hope is held out for the 100 men known to have been in the mine at lower level. The flames make it impossible for rescuers to reach them and it is believed they will perish.

A despatch from central Illinois says that 20 bodies have been taken from the mine near Royall.

MANY ADVOCATING ROYAL WELCOME TO CANADIAN SOLDIERS

London, Oct. 27.—Suggestions continue to appear in the newspapers urging the military authorities to arrange for a public welcome by the Canadian contingent before their departure for the front. Among the latest advocates is Lord Derby, who says that he would be very glad to see the Canadian troops receive a hearty welcome by London citizens.

Servian Town is Bombarded, Visited By Earthquake and Looted by Thugs

London, Oct. 27.—A despatch to the Times from Shabatz, Servia, says: "This city presents a desolate spectacle. Two hundred and fifty of its houses have been destroyed by bombardment. This was followed by fire doing more damage, and then came an earthquake which threw the city so severely that the houses which remain are almost falling to pieces."

"Finally the deserters, who were visited by a band of expert thieves, who looted every house from cellar to roof. The contents of the shops were thrown into the streets, all safes were opened in a highly professional manner, and the contents of the houses smashed, the pictures were slashed and the furniture was splintered in an

oory of destruction. The Austrians left, they destroyed the principal church, large numbers of Serb hostages were taken to Austria as prisoners. Hundreds of the local people who were killed by bayonet thrusts for various alleged misdeeds were buried by the Austrians in the local churchyard."

The senseless bombardment still continues, although the town is deserted except for sentries. On Thursday the Serbs succeeded in laying mines which sank an Austrian motor."

Shabatz is an active trading town of Servia located a few miles west of Belgrade. It has a population of about 14,000 persons.

GERMANS STILL FIGHT DESPERATELY, BUT HELD TIGHT BY THE ALLIES

Evacuation of Ostend May Not Mean Retreat, But Reduction in Strength of Garrison at Antwerp—Fleet Shoots Shells Three Miles Inland.

London, Oct. 26.—(9.35 a.m.)—As claimed by Berlin and acknowledged by Paris, the Germans undoubtedly have crossed the Yser river between Diest and Nieupoort, but whether or not this means a forward step in the "on to Calais" movement may depend on operations farther eastward.

Rumors continue to reach London of the impending evacuation of Ostend and the reduction in strength of the German garrison in Antwerp. This does not necessarily imply preparations for a retreat, but it may mean that the Germans are throwing every available man against the allies' left in their effort to conquer the channel ports.

Along the Belgian litoral, the allied fleet continues its bombardment. The great shells travelling three miles inland evidently have proved very effective judging from the tragic fate of General Von Tripp and the members of his staff, who were killed by a projectile from a warship.

All reports agree that the fighting in west Flanders has been terrible beyond any other during the war. Projectiles hurled from the land, the sea and the air are sweeping this flat and unprotected country, destroying villages and searching out the terror-stricken inhabitants who delayed too long in getting out of the line of fire.

Paris reports that to the west and south of Lille that attacks by the Germans have been repulsed. The most significant part of the Paris official communication relates that the French with their heavy artillery now command the road of one of the principal lines of German communication.

Reports from Ypres indicate that along the battle line from the Carpathians to the Russian border, through Galicia, the fighting continues but without any definite result. Petrograd claims that the Germans still are retreating from Warsaw in precipitate flight and that they are also evacuating Lodz. The Germans attempted to arrest the Russian offensive movement at Sokhatshoff, but were dislodged from their position there with heavy losses.

The question of the early return of the French government to Paris is being seriously considered. The statement that the military situation is satisfactory from the standpoint of the allies, but that the authorities believe that the battle along the sea coast, because of the German advances near La Basse, will be more prolonged than was at first anticipated. If the government does return to Paris such a step undoubtedly will have a tremendous moral effect.

Essad Pasha, the chronic disturber of the peace of Albania, is said to have invaded northern Epirus. This is true it may bring about the entrance of Italy into the conflict according to opinion in London. Essad's activity may compel Italy to consider the necessity of occupying Avlona, a step which might not meet with favor in Austria-Hungary.

GERMAN RIGHT IS ACROSS THE YSER

London, Oct. 26.—What progress, if any, the German right has made since crossing the Yser between Nieupoort and Dixmude, on Saturday, stood today high above all other questions asked in England concerning the situation of the allied armies.

That the Germans crossed this barrier is admitted by all sides, but whether they have been able to push forward, or whether they have met such opposition from the British or Belgian armies as to be held from a swaying beyond the western bank is yet to be recorded in official statements.

The fighting in this canal-webbed section of Belgium covers a comparatively tiny area of the whole battle line in France and Belgium, but is unquestionably the deadliest. The fact is due, not only to the determined resistance of the German forces, but also to the accurate fire of the British and French warships.

Dead are used in Austria, to find wounded soldiers and aid in conveying them to hospitals.

JURY COULD NOT AGREE IN CASE OF FLORENCE CARMAN

Released on \$25,000 Bail Pending Second Trial—Going Home.

Minneapolis, N.Y., Oct. 26.—Council for Mrs. Florence Carman, planned to appear in the supreme court today and asked that she be released on bail pending her second trial on the charge of murdering Miss Louise Bailey or a decision to have the indictment against her quashed. The jury which tried Mrs. Carman, wife of Dr. Edwin Carman, a Freeport physician, in whose office Mrs. Bailey was shot and killed on June 30, could not agree yesterday.

It was said the jury stood ten for acquittal and two for conviction. The district attorney had announced that he would not seek to have Mrs. Carman tried again. Her own counsel, on the other hand, said he would demand a new trial as he would not permit the indictment to hang over his client's head. Mrs. Carman was said to be in a state of collapse today as a result of the jury's failure to acquit her.

New York, Oct. 26.—Mrs. Florence Carman, who was on trial in Minneapolis all last week for the murder of Mrs. Louise Bailey, was released on \$25,000 bail by Justice Charles H. Kelly, in the King's County Court, in Brooklyn today. Accompanied by her attorneys, she started immediately for her home in Freeport.

North Bay Woman Drowns Too of Her Children in Well.

North Bay, Ont., Oct. 26.—A woman named Ciperone, living in the east end of town, drowned two of her children, aged four and two years, Saturday, in a well in the rear of her residence. She tried to induce her elder daughter, aged 9 years, to jump in, but the daughter escaped. The mother then jumped into the well herself, but was rescued by neighbors and removed to the hospital in a hysterical state.

because Winston Churchill has said in his message to the American people that if Germany was victorious in the present war she would attack the Monroe doctrine.

The "German point of view is that joining in a European war, Canada has no intention of attacking Canada, but Germany has not the intention of attacking Canada, not recognizing Canada."

The statement was in amplification of the view expressed yesterday by Count Von Bernstorff, the German ambassador, that by taking part in the war, the Canadians had justified an aggressive campaign against themselves.

To explain further the reason that caused the German government in the note delivered to the state department on September 3, by Count Von Bernstorff, voluntarily placing Germany not to attempt colonial expansion in South America, no matter what the outcome of the war, the embassy issued this statement.

"The note was written at this time."

GERMAN ENGIN ON MAN'S BREAST CAUSES TROUBLE

Joe Connolly, Has Sweet Revenge on Spaniard in Edmonton.

Militarism in all its phases has lost all its charm for one Spaniard, Juan Holot, a Spaniard, and formerly owner of a chili con carne shop in Vancouver, but more recently a resident of Edmonton, who intended to open up a similar eating place in this city.

But, who to look at could be taken for none other than a native of Mexico, had acquired a considerable reputation as a chef, and a former resident of Vancouver for his skill in making tarts of unique design on their breast and arms.

Now on his way back to Vancouver, swearing vengeance on all Britishers and sailors in particular. The cause of his sudden departure and hatred of those from whom he obtained the wherewithal for his daily bread is a certain Joe Connolly, a former deck hand on one of the ocean going steamers out of Vancouver.

Joe Connolly, who is now in the city, has a considerable record for coming out first in fist fights and more recently for his part in a riot in which he was charged with the murder of a man.

The trouble can be traced back to last spring, when a German vessel was in Vancouver. Connolly was in the city at that time also and, being a hospitable chap, invited one of the German sailors to have a meal. Holot's place and incidentally have a few drinks with him.

By midnight they had acquired considerable friendship and cement their oath, but Holot, who had been a German and British ensign on the same vessel left the port, and Connolly, seeing a change of life and scenery, decided to leave the city.

Connolly arrived in Edmonton a few days ago, and his first move on arrival was to locate his old acquaintance Holot at his old home. He then proceeded to the house to remove the German flag so conspicuously pictured on his worthy breast.

Joe explained that it had been a continual annoyance for himself and a source of ridicule for his fellow laborers, particularly when he was in the city. He had decided to take the second contingent and it was therefore absolutely necessary to rid himself of the emblem.

The Spaniard explained that it could not be erased. It was some time before Joe understood but when he did there was trouble. Arguments and fights, he began to "talk with his fists."

There were lively doings in the Spaniard's room for a few days. He was a man of no small size and when the landlord came up later, a disorderly scene met his eyes. A fight was in progress and the Spaniard, in a mixture of Spanish and broken English, was cursing English, Canadian and Edmonton.

The landlord explained that, as he was a poor man, he had to ask the Spaniard to pay for the damage; anyway, as he was a noisy roomer, he had better find some other place to live. The Spaniard paid and packed up what was left of his belongings, then took the first train for Vancouver.

Meanwhile, Joe was at a drug store buying a preparation, which, though it will leave a large black scar, will effectively erase the hated emblem and he is still bent on joining the second contingent.

THE ONLY CURE FOR CONSTIPATION

Is "Fruita-dres"—That Wonderful Remedy Made From Fruit Juices.

Avon, Ont., Mar. 14th, 1913. "I have used 'Fruita-dres' for indigestion and constipation with most excellent results, and they continue to be my only medicine. When I first started about six years ago to use them, I took four at a dose but gradually reduced the dose to one tablet at night. Before taking 'Fruita-dres,' I took salts and other pills but the treatment was too hard. I thought I might as well suffer from the illness as from these treatments. Finally, I saw 'Fruita-dres' advertised with a letter in which some one recommended them very highly, so I tried them, and have no hesitation in recommending them."

MAYOR MAMARA, ALDERMAN EAST ARE DISQUALIFIED

Council's Resolution of April 28 Proves Its Undoing—Judge Regrets.

ALEXANDER LIVINGSTONE WINS INTERESTING CASE

Just What a Public Spirited Citizen and Councilor Should Do, Says Jives.

"For reasons given in the judgment I am compelled to declare that W. J. McNamara and James East, became disqualified from holding office as aldermen of the city of Edmonton."

The above judgment handed down Monday morning by Justice W. J. C. in the application in which McNamara and East had been disqualified. The relation in the application was ex-Alderman Alexander Livingstone, represented by A. Macdonald, Sinclair.

The ground upon which the relation was set aside contained in the statutory provision contained in the first paragraph of section 27 of the Edmonton Charter which reads as follows:

"No person having by himself or in partnership an interest in any contract with or on behalf of the city . . . shall be qualified to be a member of the council."

The following resolution passed by the city council on April 28, was the basis of the present action:

"That the request of the Ad club to have a new man be elected to the city council, be granted, and that upon such being granted, the necessary expenditure be authorized, the same will be taken over cost, reimbursing the Ad club what they have put into it, and that the necessary expenditure be authorized, place an expert inspector on whatever may be deemed necessary by the commissioners, on behalf of the city."

In his remarks, Justice Jives says: "The relation urges that the moment this resolution was passed the mayor and Alderman East, as a member of the Ad club, became disqualified in their seat on the council, and in the instance, I regret to say, I think the relation is right. This judgment in effect punishes a man for an act which is not only innocent in itself but praiseworthy. Here it is not pretended that the respondents were seeking private gain, quite the reverse."

All that the respondent did appear to me just what a public spirited citizen and municipal councillor should do if the law permits. But I am compelled to give the judgment. The relation, charter strictly and in the light of many judicial decisions such construction will enhance an act such as here complained of and disqualify the reason respondents."

FOUR AMERICANS COME HOME AFTER ESCAPING FROM JAIL IN ANTWERP

New York, Oct. 26.—After having been confined in a prison at Antwerp for nearly two months, suspected of being German spies, four Americans given their release by means of a German bomb, which destroyed the walls of their prison.

The four are: Carl Ege, Frank Rosen, Thomas McKewen, Frank Smith, and William Boyle, all of New York. They returned home today on the Red Cross ship.

According to the story told by the four Americans they were going from Antwerp to Rotterdam when they were arrested as spies.

They were confined in a prison at Antwerp. The spokesman said, "and were evidently forgotten when the city was bombarded by the Germans. On the second day of the bombardment a bomb struck the wall of our prison, falling in a way and enabling us to escape."

RUSSIANS DRIVE GERMANS FIFTY MILES FROM THE VISTULA RIVER IN EAST

Czar's Forces Do Effective Work With Bayonet—Austrians Making Heroic But Unavailing Efforts to Stem the Avalanche.

Petrograd, Oct. 26.—The Germans have been driven back 50 miles from the Vistula, and their defence is officially described as weak. It is obvious that they are strongly drawn by hopes of reaching their well fortified and well protected positions along the War river, which is still 53 miles in their rear. The Russian pursuit never slackens and efforts will be made to reach the Vistula and stand before them reach their entrenchments. At Lodz, where the Russian forces were received with the utmost demonstrations of joy by the inhabitants, a brilliant bayonet attack cleared the Germans out. The bayonet also was used with effect in the great forests which lie across the German line of retreat.

The German line of retreat, where the German forces are strengthened by Austrian brigades, is retreating but with less haste. The Russian under German officers and with a number of privates in Austrian uniforms in the ranks, are making heroic but unavailing efforts to stem the Russian advance. The Russians will take no retreat. A single Russian company at one place crossed the San river in the face of the whole Austrian division and being quickly surrounded, were offered no quarter. They replied with a steady machine gun fire and maintained their ground until artillery and other supports re-

sued the remnant and crossed the river in force, driving back the Austrians. The extra south, or right of the allied line is defended by 200,000 men, whose heavy is universally recognized. They continually attack the advancing Russians, but their resistance is being steadily overcome. From a thousand to two thousand prisoners taken south of Przemyel are on their way to Russia.

Presumably apart from the well acknowledged bravery of the Austrians as fighting units and especially the Hungarians, who are fighting with heart and honor, slower progress is made in this section of the battle front, which may be accounted for also by the smaller number of Russians, or the commander in chief has naturally assembled his main strength against the Germans at the east end of the line.

The Germans in the north have attempted to move forward a corps to cover their flank in retreat and a considerable movement has been taking place in the Alsace region. The Germans, however, have met the Germans here also and although as yet only small affairs have taken place, it is evident that a strategic move has been provided for and will be prevented. If all continues to go well brief battles in the east before going west for the big match which probably will be on Thanksgiving day.

Salient Features of Today's War News

The supreme efforts of the fighting men of five nations have failed to turn the tide of battle along the Franco-Belgium border. Latest reports today were that a struggle of unparalleled fury was still in progress along the North sea, where the Germans with reckless bravery are flinging their troops against the allies' forces.

The French official statement indicates that an attempt to cut off the German right wing has made some progress. If as is said the allies have established a front from Ypres to Roulers, the German line has been thrust back in a sharp angle, the point of which is considerably to the northward of their forces on the shore of the North sea. The German movement across the Yser which presented a menacing aspect to the allies, has been checked, the French war office says.

All accounts agree that the toll of human life exacted in this crucial struggle is enormous. The meadows near Ostend, a British correspondent reports, are heaped with German dead. From the remains of the lost line of battle there is no word. Apparently both sides are awaiting the outcome, although it is probable that heavy fighting is in progress to the north of Verdun, where the army of the German crown prince is making a desperate effort to pierce the French line.

Reports from the eastern front indicate that the greatest battle of the war in that area is impending. Austria in its latest official statement makes the claim of having thrust strong forces across the Carpathians in the face of determined resistance.

German and Austrian forces, it is said, have now a strong wall of troops along a well established line which stretches from the northern spur of the Carpathians before the long disputed fortress of Przemyel and on into the district of Plock.

Before this line is arrayed the main army of the Russians, now said to have been reinforced by troops from the Caucasus, Siberia and Turkistan. The Austrian successes in engagements to the northeast of Przemyel and on the lower San.

Latest despatches from Petrograd say the Germans are continuing their "precipitate retreat" and have evacuated Litz in Poland. Recent reports that relations between China and Japan were being strained were strengthened by word from Peking that the Chinese foreign minister had demanded the surrender of a Japanese torpedo boat which entered Chinese waters and attempted to tow away the wreck of the torpedo boat beached by the Germans to escape destruction by the Japanese.

A message from Berlin confirmed recent reports that General Von Moltke, was no longer acting as chief of the general staff, owing to illness, it was said, his place was being filled by General Von Falkenhayn.

FOUR KILLED AND TWO INJURED IN AUTO SMASH

Mansfield, Ohio, Oct. 26.—Four persons were killed and two seriously injured in an automobile accident near here today. The party was returning from Elva when the car turned over. The dead are: Carl Ege, Frank Rosen, Thomas McKewen, Frank Smith, and William Boyle, all of New York. They returned home today on the Red Cross ship.

THE ANIMUS DISPLAYED IN THE DISQUALIFICATION PROCEEDINGS.

In the position in which he finds himself as a consequence of Justice Ives' decision in the disqualification action, Mayor McNamara will at least have the satisfaction of knowing that public opinion is with him and that public commendation of his entire course on the gas question will undoubtedly be extended by every disinterested citizen—supporter of his or opposed—who has followed his handling of the question through its various phases until, by the construing of a good intention into a technical infraction of the law it has been made the medium of his undoing.

To all it must be apparent that what Mayor McNamara was attempting to do (whether wise or not does not affect the intention) was a public spirited act, inspired by civic patriotism and a meritorious desire to safeguard the city against the encroachments of any parties who, presently or prospectively, might covet the city's gas franchise. There was absolutely no room for profit to himself or to any of the hundreds of citizens whom the mayor and those most directly associated with him had succeeded in enlisting as the custodians of the public interest in the exploration for gas. In the case which was lodged against him it was not even charged that he had done any purposeful wrong and the court went to the limit of extenuation by saying that what the mayor had done was, notwithstanding that he was technically in error, the very character of action which the citizens had a right to expect upon the part of a disingenuous custodian of public office. In the establishment of simple justice toward the mayor the court was not required to go farther than this, but the most cursory examination of the whole case makes it more than plain that the action against the mayor was inspired by no desire to promote public interest but simply by a factious and thoroughly contemptible desire to make trouble for a man who, in public office, was faced by difficulties which were of themselves sufficient without the intersection of the pestiferous activities of technically-hunting and hair-splitting lawyers. The obviousness of the animus upon the part of those who have constituted themselves the mayor's tormentors, however, and the venetfulness with which they have seized upon this gas technically as the vehicle of their animosity is so baldly apparent that the effect cannot be less satisfactory to the mayor than to themselves. The indecent haste of the Bulletin to waive all constitutional procedure and to, without election, thrust the sceptre into the hands of Dr. Harry Smith uncovers the Ethiopian in the wood pile so completely and so unblushingly as to make the consummation of the plot impossible. The public knows both Dr. Harry Smith and his confederates and Frank Oliver and his confederates altogether too well to trust them with anything that is not frozen down, much less with the unconstitutional control of the city's affairs.

SOME OF THE PROMOTERS WILL HAVE TO GO TO WORK.

The Dominion Trust, one of the largest realty-dealing concerns on the coast, and the National Finance, another of the same kind, have closed their doors and the examiners are looking into the sack which the public is left holding.

These two concerns, in a sense, are typical of British Columbia and what has happened to it. There are approximately four hundred and fifty thousand people in B.C. Of these not less than three hundred thousand live in the towns and cities, where production is very limited and the main occupation of the populace has been exploiting the future. Timber limits, mines, real estate and farm lands in the raw state have been given an anticipatory valuation and the province has declared itself rich out of the profits shown by this anticipation of the development of the country's natural resources. But so busy were the people of B.C. promoting that they forgot to develop. Particularly was this time of the farming business. Farmers were very scarce, and, notwithstanding that British Columbia has millions of acres of beautiful agricultural area, those who had an ambition to farm discovered that the land had been taken up long ahead of the railway and that the prices asked for wild land were such as to practically close the country against settlement and development. Now the war comes, and, with the changed conditions which call upon Western Canada for production, B.C. suddenly discovers that it has no production worthy of the name and has no training or business machinery for anything except promotion and exploitation.

The thing that will happen in B.C. is that quite a lot of the promoters will have to go to work.

JUST PARAGRAPHS.

With Britain, Russia, France, Japan, Serbia, Belgium and Montenegro fighting against Germany and Austria, some prognosticators have anticipated history by dubbing this the war of nine nations. Which may be all right up to a certain point, but how about it if Sam Hughes goes to the front?

According to Bernstorff's theory of how the thing should be worked out, "France must be crushed, and reduced to the condition of Turkey and Portugal, even if it is necessary to kill 5,000,000 Frenchmen." In order to carry out this recipe, the Kaiser is now discovering that it is necessary, first of all, to catch his Frenchmen.

WHEN HEADACHY TAKE CASCARETS FOR THE BOWELS

To-night! Clean your bowels
and end headaches, colds,
sour stomach.

Get a 10-cent box now.
 "You're bilious!" You have a throbbing sensation in your head, a bad taste in your mouth, your eyes burn, your skin is yellow, with dark rings under your eyes, your lips are parched. No wonder you feel ugly, mean and ill-tempered. Your system is full of bile, not properly passed off, and what you need is a cleaning up inside. Don't continue being a bilious nuisance to yourself and those who love you, and don't resort to harsh physics that irritate and injure. Remember that most disorders of the stomach, liver and bowels are cured by morning with gentle, thorough Cascarets—they work while you sleep. A 10-cent box from your druggist will keep your liver and bowels clean; stomach sweet, and your head clear for months. Children love to take Cascarets, because they taste good and never gripe or sicken.

Germans in U. S. A.

London, Oct. 26.—(G. A. M.)—The Morning Post editorially estimates that there are 100,000 reservists in the United States alone waiting for an opportunity to cross the Atlantic to fight for their fatherland and that with the embargo on their arrest removed they will head into cross the ocean.

Leaders Meet Villa.

El Paso, Oct. 26.—Twenty-six revolutionary leaders of southern Mexico representing General Emiliano Zapata, arrived yesterday at Guadalupe, where they were greeted by General Villa. They proceeded to Aguas Calientes, where the peace conference was expected to resume its sessions today.

IN "PEG O' M' Y HEART"

Marion Dettler, in Hartley Mannes' great comedy of youth, at the Empire Theatre, November 6.

Theaters and Picture Shows

"PEG O' MY HEART" COMING TO EMPIRE.

The management of the Empire theatre announces the engagement of Oliver Morosco's production of "Peg O' My Heart" for three days commencing Thursday, November 5, when a theatrical event of decided importance is promised to the theatergoers of this city. "Peg O' My Heart" comes with the backing and recommendation of both press and public. Since New York critics went into raptures about "Peg," the Court theater in that city was constantly crowded for two years by a public that had adored the Irish madcap. Marion Dettler, who has been chosen by Oliver Morosco to enact the role of "Peg," has been pronounced by the author of the play to be admirable, and has all the qualities of charm and personal appeal that are necessary to the part. The production is a fine one and the supporting cast includes Helen Rafferty, Joseph Yanner, William Verano, John E. Trevor, Harold West and others.

"THE WIDOW" AT LYCEUM CAPTURING ALL HEARTS.

"The Widow," this week's offering at the Lyceum theatre is a delightful comedy from the pen of Sydney Grundy, the well known English playwright. The play is cleverly conceived, affording many opportunities for fun which the Lyceum players are not slow to grasp and make the most of.

The story deals with the wife of an irretrievably young widow and how she deals with her various suitors, the title role being handled by Grace Johnson. Miss Johnson, charmingly arrayed in her widow's weeds acted the part of the coquette perfectly and made a great hit with the audience.

Donald Grey took the part of Captain Trevelyan, the lucky sailor, in a capable manner and Margaret Johnson made a satisfactory mother who has a tendency towards stock gambling. Most of the humor of the play was supplied

by William Yule as the precise Sir Pinto Wauklyn, his portrayal of the old baronet being particularly good. Wallace Howe, who invariably appears to be slated for the insane character in every play in the Lyceum repertoire, took the part of the young broker, Jack Unlacked and handled it in a convincing manner. Marie Davidson played up to her usually high standard as the rather meek sister of the dazzling widow and created a satisfactory impression.

The staging and production was thorough and all that could be desired from an artistic point of view.

The Boys of Alberta Are Now Likely Near the Fighting Line

They will soon be in the thick of it and will give such a good account of themselves that every Albertan and every Canadian should watch them as closely as possible.

They are making history this minute. Any day the crucial battle of the greatest war of all time may be decided.

The easiest way to have a comprehensive idea of what is going on besides reading the news despatches, is by the Daily Capital's war atlas, which has maps of all the countries concerned and of the districts where the battles are now going on, besides a veritable mine of information and pictures of the great holocaust, including the fleets and airships of the powers.

The subscription price of the Daily Capital, payable in advance, to city subscribers is \$2.00 for six months or \$4.00 a year delivered at your door; to country subscribers by mail \$1.50 for six months or \$3.00 per year.

For every six-months subscription received while the supply of atlases lasts we will give one atlas free.

One who is now a subscriber may get one of these atlases by forwarding the price for a renewal for six months after the date his present subscription is paid to.

Better still, if a subscriber whose subscription is paid induces a friend to subscribe for six months to the Daily Capital we will forward each an atlas free.

The score was: Irens, 150; High runs, 12, 15. Cliff, 123; High runs, 8, 10. Tonight Arthur King and Dr. Young will play off their three curtain the game and as both are very evenly matched the contest should be well worth watching.

On next Monday evening play will commence in an English billiard tourney and as there are many exponents of the game in the city a large entry list is expected. D. A. Kirkland, limited, jewelers, have donated a handsome cup for the competition, which will carry with it the championship of the city of Edmonton. The cup will be known as the Kirkland challenge trophy and will become the property of any player who can defend it successfully every month, the four summer months being excepted.

The following players have already made entry: H. T. Sullivan, Fred Sharp, May W. Springer, A. Kap. Capt. Kidd, Hobbs, R. Young, Geo. Sharp and Billy Riley. The entry list is still open at the Empire and prospective competitors should leave their names with Manager Ryle before October 31.

REGINA AND WINNIPEG TO FIGHT FOR RUGBY HONORS

Alberta Does Not Figure in the Champion Series This Year—Calgary Tigers Offer Guarantee of \$500 Expenses For Game But Are Turned Down.

Winnipeg, Oct. 27.—In this morning's mail, R. W. Patterson, secretary of the Manitoba Rugby football union, received a letter from the Calgary Tigers, asking that they be guaranteed \$100, on which conditions they would come to Winnipeg and play the Rowing Club in the semi-final of the Western Canada championship and the final of the following Monday in Regina with the Saskatchewan champions. The letter was written before the result of Regina vs. Saskatoon Varsity was known.

Secretary Patterson announced this morning that the plan proposed by the Calgary Tigers cannot be entertained. It would necessitate upsetting all the arrangements made with Regina, and there is not time now. The whole W.C.R.U. would have to ratify the move and the Alberta representative in that body has already declared his province out of the series this fall.

Accordingly the former arrangements will be carried out. Regina, having won Saturday's Saskatchewan final from Saskatoon Varsity, will play the Rowing club of Winnipeg. Manitoba champions, at River park here in the final of the Western Canada Rugby union championship.

Regina Ready. Winnipeg, Oct. 27.—The Regina Tigers will defend the Western Canada rugby championship on the same field and against the same team from which they captured their title three years ago when they came to Winnipeg next Saturday to playing the Rowing club for possession of the late Hugo Ross cup. This decision was made by President R. W. Patterson of the W. R. F. U. tonight when he notified Secretary Murray Thompson at Moose Jaw and also Mr. Pearson at Calgary, and the Alberta winners would not be considered in the play-off this year.

Mr. Pearson notified Mr. Patterson some time ago to the effect that he could not handle along the Alberta teams and that the union could accept his vote as to the advisability of cutting off an Alberta representative this year owing to the lateness of the play-off in that province. Mr. Patterson awaited until last Saturday for Alberta to get busy and hustle things along before taking any action and finally decided to go ahead with the one game in Winnipeg to determine the championship.

Today Mr. Patterson received a communication from Calgary Tigers asking that they be guaranteed \$100 on which condition they would come to Winnipeg and play the Rowing club in the semi-final the following Monday at Regina. Patterson announced that this plan cannot now be entertained as it would upset all the arrangements made with Regina, and he wired the following to the captain of the Tiger club: "Impossible to delay W.C.R.U. series any longer. Your suggestions should have been made in the season through Mr. Pearson. Gave Alberta until Saturday, October 24, to arrange something and not having heard from them accepted Mr. Pearson's vote that Alberta be eliminated from this year's series and have ordered Regina to play at Winnipeg for the championship next Saturday."

Patterson also wired the following to Mr. Pearson at Calgary: "As Alberta was unable to arrange series for the championship of their union within a reasonable time, I am accepting your vote as a member of the W.C.R.U. that Alberta be eliminated from this year's series. Have therefore ordered Regina to play Winnipeg here on Saturday for the late Hugo Ross cup."

RUGBY TEAMS STRENUOUSLY PRACTISING FOR SATURDAY

Both Varsity and Civics Have Large Turnouts. Yesterday Afternoon—Civics Have New Material—McHugh Still After Championship Game for Gleichen.

Enthusiasm by their victory over the Civics the Varsity rugby squad has buckled down to even harder practice than previously, resolved to again be master in the Saturday game, which will decide the city championship.

Notwithstanding the bruises acquired in the strenuous game on Saturday afternoon, there was a large attendance yesterday afternoon and the lunch was put through some thorough drill by the coaches. At practice and catching were the points emphasized, it being determined that there shall be less fumbling than in the past.

The seniors and intermediates lined up at five o'clock and there was a strenuous workout. The Varsity team has an advantage over the Civics inasmuch that as there is more competition for places the players have to work harder to hold them and consequently there is all kinds of pep and no one is able to lie down on the job. The college boys although feeling that they have a good chance on Saturday, are not suffering from over confidence as the Varsity that the defeat sustained by the Civics in all likelihood should act as a tonic and consequently the latter will work all the harder to register a win.

Such indeed appears to be the case. At their regular practice last evening the Civics had an attendance of over 20 players, all of them going through the plays and exercises with a vim and zest worthy of a championship game. All the regulars with the exception of Hotchkiss, Cormack and Kinnaird were

present. Hotchkiss having wrenched his ankle so severely in Saturday's game that he will in all probability be out of the game for the balance of the season.

Five new players made their initial appearance and from amongst them should be gathered material to bolster up the team strength considerably. Clark, Elliott, Raymond and McEwen were four of them and Tommy Dykes was the other one. Tommy having decided not to leave the game for awhile yet.

Apparently Calgary has philosophically accepted the further postponement of the game for the provincial title now that Alberta is not going to figure in the western Canada play-off. The Tigers of that city have had a chafing time of it this year, not having any opponents to match themselves against and it speaks well for their spirit that they have stuck together as well as they have.

Frank McHugh is still pulling every possible wire to have the provincial championship decided in Gleichen. As an evidence of good faith he has deposited \$250 with President Pearson, the money to be used in defraying the expenses of the teams. The matter has not yet been decided and will not be until Varsity and Civics fight their battle on Saturday.

It is officially estimated that there are 170,000,000 real eggs in the world.

LITTLE DOING IN MARITIME HOCKEY COMING SEASON

Sydney and Halifax Had a Sickener Last Year and Are Through.

Halifax, Oct. 26.—Prospects for professional hockey in the maritime provinces this year are slender, according to reports.

Halifax and Sydney were the cities which held the professional league together last year, through a somewhat shaky season, and declarations from both are to the effect that they will be out of the game this year. Now Montreal will be out of it again on account of a lack of rink accommodations, and Amherst, after an unsuccessful year, will not venture in again.

Think It Over... A Smoke

There's nothing as soothing and as satisfying as a good cigar or pipe. In these days of stress and worry a quiet smoke will ease the troubled mind. For quietude, reflection and complacency of spirit a smoke is the thing. But be sure it's a good smoke. There'll be no doubt of it if you buy it at McNeil's cigar stands or stores.

EDMONTON IN BRIEF

The membership battle in the Y. M. C. A. like the war, shows very little relative change in the position of the contending forces. The Russians have made 23½ miles and the Prayers-British have covered 22 miles, so that honors are practically even. In the contest held in the gymnasium on Saturday night, the Russians succeeded in winning the volleyball game, a score of 21 to 16, but the Prayers-British came back and won the indoor basketball by 16 to 7, and the basketball by a score of 14 to 8. The result of these competitions brought the allies three miles farther along on their journey.

Tuesday evening the ladies of the Sacred Heart church, corner of Rice and Kinsington, will give a card party for the benefit of the poor. Lynda's orchestra will attend.

The Welsh society will hold the first meeting of the 1914-15 season on Wednesday in the Cameron hall, on Nampayo avenue. This year the society will only come together once instead of twice as in former years, the change being due to the troubling times now prevailing. While the chief business on Wednesday will be the election of officers, etc., a few songs and recitations will be rendered by well known vocalists. The meeting will commence at eight o'clock. The Welsh church has been very successful in obtaining the use of the above hall for Sunday services and will hold their first service next Sunday. To both the above meetings the Welsh people and their friends are cordially invited.

Albert Mace will continue his interesting lecture addresses each evening this week at eight p.m. in the Guelph hall, corner of St. James and St. James avenue. The subjects of his talks will be:

ON THE MARRIAGE DAY

Honours come and history begins—corns begin to go too when "Putnam" is applied. It takes out roots, branches and stems. Nothing so sure and painless as Putnam's Corn and Wart Extractor; try "Putnam's" 25c. at all druggists.

addresses for the week are as follows: Tuesday night, "The coming of the kingdom of the Lord Jesus Christ," Wednesday, "The coming of the Lord Jesus Christ," who is his object and his end," Thursday, "The meaning of Christ's return," Friday, "Our attitude towards Christ." All are welcome.

Robert Honich, a guard in the penitentiary is in the toils, charged with having carried letters for convicts in and from the institution. He appeared before Magistrate Massie on Tuesday morning and was remanded until November 3.

The debate at the Y.M.C.A. tonight will be "Resolved that England should adopt a form of compulsory military training." T. W. Lawlor, B.A., takes the affirmative and Hugh Graham the negative. An opportunity for discussion will be given. It is especially important that all who desire to take part in debates this year should attend this meeting, as the debating teams will make up tonight and the regular series started. Mr. Greene of the Y.M.C.A. is expected to act as moderator.

H. N. Simpson, a vendor of violets, who takes his trade on Jasper avenue, straggled into a Mr. J. R. Massie on Monday and claims that he tendered a ten dollar bill, after making a small purchase, receiving only a small part of what was coming to him. As a result Mrs. Hastings appeared in the police court on Tuesday morning. There was no evidence to show that she had short-changed the flower merchant and the case was dismissed.

W. Keoch was fined \$5 and costs by Magistrate Massie on Tuesday morning for a contravention of the Lord's Day act, having sold merchandise from his store on Sunday.

Charles and Mary Rose will appear before Magistrate Massie on Wednesday morning on a charge of stealing a quantity of household goods.

ASKS TO BE JAILED BUT HAS GOOD FEELING AT CRUCIAL MOMENT

Ex-army Man is Arrested at His Own Request, Pleads Not Guilty.

LAUGH IS TURNED ON ACCOMMODATING COPS
Broadbent Says he Thought if Imprisoned Would be Sent to Front.

In order that he might earn the right to go to the war John Broadbent applied at the city police station on Monday evening for a term of six months in the city jail, but in the interim under the idea that in the near future all the prisoners incarcerated in the Canadian jails will be sent to fight for Great Britain at the front.

Broadbent, a big husky fellow, standing nearly six feet, wearing up to the neck, engaged on Monday evening and asked to be sent down for six months. The sergeant, a number of policemen who were standing around, thought that the man was joking, and although it is a common jest, started to laugh. But it was no joke with John and he persisted in his demand until they began to take him seriously and for his reasons that he wanted to go to the front.

Then it all came out. Someone had informed him that all the prisoners now confined in the city jail would be sent to the front and he wanted to be one of them. He had tried to get taken on with the army, but he was not now in England, but had been turned down on account of some minor physical weakness. For his reason that he would again be rejected for the second contingent if he applied he had decided to go to prison and then they would be forced to accept him.

The officers argued with him for some time, telling him that he had been misinformed, and probably someone had been joking him. Arguments were of no avail, however, and he pleaded so earnestly for his reasons that they decided to accommodate him. The difficulty came when the matter of the charges to be laid against him was brought up, but it was finally overcome by placing a charge of drunkenness against him. They laughed and contented, he was led into the cells.

In the morning, when before the magistrate and charged with drunkenness, to the surprise of the officers, Broadbent did not plead guilty and as there was no evidence he was given a remand. Evidently he had thought that he would be charged with drunkenness and he was not to be taken in. He decided that it was too trivial a crime and might possibly be considered an offence under the military code. He will appear again on Wednesday morning.

Broadbent has never served in the British army, belonging to an artillery corps and hopes that he will again have the chance to join his old brigade.

FIGHT AT EIGE TOLD BY COWBOY FROM EDMONTON

Former Showman Takes Up Land in Sunny Alberta.

It's a long race, from being the star actor in a wild west show touring Belgium to a job as a cowboy in sunny Edmonton, and all within the space of less than three months. But such is the experience of Fred Walker, former cowboy of Unky, Texas, who arrived in the city on Friday, intending to take up a homestead in the Edmonton district, and is now on his way to his farm.

Extensive tours of Europe are not infrequently taken by travelling wild west shows, and it was with one of these that Mr. Walker was travelling through Belgium when the war broke out, and some of the experiences that the former Texas cowboy has to relate regard to the fighting in that country, are thrilling indeed.

For three weeks prior to the outbreak of the war, the show had been touring Belgium and were meeting with great success. The show was put on, but came the outbreak of the war, and trouble. The show was camped within a few miles of Liege when that city was being shelled by the Germans.

"From where our camp was, we could see the actual fighting," said Mr. Walker this morning, "and one morning we saw a long column of soldiers engaged in a desperate hand-to-hand battle with bayonets. It was a terrible sight, and thrilling. During the siege of Liege, the German shells burst all around our camp and two of our best horses were killed. It was good luck that we were not captured."

Mr. Walker stated that the outbreak of the war put an end to his show, and they were compelled to cancel all engagements. "I had engagements," said Mr. Walker, "but instead of that, it cost me just \$5,000 to get out of Belgium and to America. Mr. Walker's new Alberta farm, which he secured through the direction of the industrial commissioner, department, is located near St. Paul de Melis, and he intends to go into stock raising on a large scale.

SPRING HORSE SHOW AGAIN TO BE HELD

Both Province and Dominion to Come to Aid of Healthy Youngster.

The directors of the Edmonton Exhibition association have decided to again hold the spring horse show, instituted in such an aggressive manner in the stock pavilion last April. The department of agriculture for the province towards the prize list, and Manager Stark, who has been in correspondence with the Dominion department of agriculture and also from other sources, has been most successful in securing the support and continuation of spring show.

Before leaving for Winnipeg last night Mr. Stark, expressed himself as greatly pleased with the generous attitude assumed by the city council towards the exhibition association in concluding the agreement which has been under consideration for some time.

"From where our camp was, we could see the actual fighting," said Mr. Walker this morning, "and one morning we saw a long column of soldiers engaged in a desperate hand-to-hand battle with bayonets. It was a terrible sight, and thrilling. During the siege of Liege, the German shells burst all around our camp and two of our best horses were killed. It was good luck that we were not captured."

CONDUCTORS COOLNESS SAVES LIFE OF LITTLE BOY ON JASPER AVENUE

A small three-year-old boy playing on the road on Jasper avenue last night, between Kinsington and Synchuate boulevards, about 11 o'clock this morning, had a narrow and fortunate escape from death when he ran in front of a fast moving street car. Luckily, the conductor of this particular car had a cool head and dropped the fender and at the right moment, throwing the child clear of the car onto the pavement.

Theoretically, on a full meal of butter or olive oil we should be able to do two and a half times the work that a full meal of meat or beans, or bread would produce.
